

Declaration of Conformity REACH

As a producer of electronic and electric products as defined in the REACH regulation 1907/2006, MBW Calibration AG is a “downstream user”. MBW Calibration AG is therefore not subject to duties and obligations concerning the production and the placing on the market of chemical substances for pre-registration and registration (ECHA).

Our products are manufactured and therefore cannot be defined as a substance or a mixture. Furthermore, our products do not, under normal and predictable conditions of use, emit any substances. Therefore, MBW Calibration AG is not subject to the duty of registration nor to the duty of filing safety data sheets.

In order to ensure the continuous delivery of reliable and safe products to our customers we make sure that our own suppliers abide by all rules and requirements regarding chemical substances and materials so that no substances from the Candidate List of Substances of Very High Concern (SVHC) are used in the manufacturing of our products.
